

# WARREN COLLEGE - TRANSFER ENROLLMENT WEBINAR

July 20, 2018

## ENROLLMENT WEBINAR Q&A

*Below is the list of questions NOT answered during the webinar. If you have additional enrollment related questions please submit them on the New Student Site.*

Question Asked	Answer
If you have not submitted your TB records, will you be able to plan and enroll for classes?	Failure to meet the July 15 deadline will result in a HOLD being placed on your account and you will not be able to register for Fall classes. <a href="https://wellness.ucsd.edu/studenthealth/health-requirements/Pages/default.aspx">https://wellness.ucsd.edu/studenthealth/health-requirements/Pages/default.aspx</a>
If you submit your TB records after the July 15 deadline, can you still enroll in classes at your assigned date?	You will want to consult directly with the Student Health Services if you have an active hold placed while your enrollment time begins. You can call them at (858) 534-3300.
Do Veterans receive priority enrollment?	No, unless they are a part of a special program (i.e. Summer Bridge, Student Success Program, etc.) then they will not be given priority enrollment. All incoming students have a randomly generated enrollment time for Fall quarter.
I've been told that UCSD students receive a free pass for the Coaster train. I live in North County Encinitas Area. Would I be able to use this train pass from there? Is it also true that there is a shuttle to UCSD from the nearest coaster station to UCSD? Thank you!	Triton U-Pass is a UC San Diego universal transit pass program that provides students unlimited ridership on all regional MTS and NCTD mass transit bus and trolley/light rail routes. You will want to consult with the Transportation Services directly. More information can be found here: <a href="https://transportation.ucsd.edu/shuttles/coaster.html">https://transportation.ucsd.edu/shuttles/coaster.html</a>
Are there courses reserved for incoming transfer students. All my core courses are waitlisted	As mentioned in the webinar, some departments will save seats for incoming students that will not be opened until closer to your enrollment time.
When can we buy a parking pass?	You can purchase a parking permit online - <a href="https://transportation.ucsd.edu/parking/permits/buy.html">https://transportation.ucsd.edu/parking/permits/buy.html</a>
So, if I am a computer science major, I would not be able to even minor in Mechanical engineering? I ask because I took a few classes of ME in my old school.	No, per Jacobs School of Engineering policy, you cannot minor in another engineering program. You can minor outside of JSOE.
If you want to take the noncontiguous upper-division courses from a minor not listed on the list, do you have to take additional upper-division courses?	If you cannot find the minor listed in any of the disciplines, you will want to consult with us during Fall quarter regarding your options. You can also ask us on the New Student Site and we can clarify which discipline(s) it may fall under.

## WARREN COLLEGE - TRANSFER ENROLLMENT WEBINAR

<p>I'm an biological anthropology major, with IGETC - what classes do I need to take the WCWP then 2 non-cont. 4 unit class, correct?</p>	<p>If you are a student with IGETC, you may want to consider 1-2 major specific courses, and 1-2 GE courses for your first quarter. For instance, you may take WCWP 100 and 2 upper-division major courses. Your major course requirements can be found here: <a href="http://anthropology.ucsd.edu/undergraduate-studies/major/biological.html">http://anthropology.ucsd.edu/undergraduate-studies/major/biological.html</a> Please direct specific questions on the New Student Site.</p>
<p>What type of parking permits are offered at UCSD? Would I qualify as "S"?</p>	<p>"S" means that you are a student and this is one option you will be eligible for. Please see <a href="https://transportation.ucsd.edu/parking/permits/buy.html">https://transportation.ucsd.edu/parking/permits/buy.html</a> for more details.</p>
<p>Also, when is \$100 enrollment fee due?</p>	<p>All billing due dates can be found here: <a href="https://students.ucsd.edu/finances/billing-payment/understanding/due-dates.html">https://students.ucsd.edu/finances/billing-payment/understanding/due-dates.html</a> If you have questions regarding your tuition fees please contact the Student Business Services directly.</p>
<p>Why is warrens orientation 09/24, so close to when instruction begins? (Welcome week)</p>	<p>Orientation is closer to the start of the quarter so that students have an opportunity to move-in on-campus at an earlier date if desired. It gives students and opportunity to continue into Welcome Week shortly after Orientation is completed.</p>
<p>I was given credit for a class on my academic history after petitioning with the department, but it was never changed on my degree audit. Who should I contact to get my degree audit updated?</p>	<p>You will need to contact that department specifically and they can assist with updating your degree audit. Contact them through the New Student Site.</p>
<p>To take an upper division GE, don't you need lower division prereqs? Would we have to already taken the lower div prereq to take the upper div class?</p>	<p>Not necessarily. You can check the Schedule of Classes and WebReg for course pre-requisites. Some upper-division courses will not have pre-requisites. If they list pre-requisites, but are still interested in taking the course, then you may consult with the department directly to see whether they are able to preauthorize you to enroll.</p>
