 - ii. Panda express has a door to right of it that leads to the room. It is a long banana shaped room and has been used for a long time. They had a few ideas and one of which was going to be very expensive. UCSD is committed to at least returning 70 percent to the land field and the problem is that only 30 percent is recycled right now. For example in Panda Express, there are 18 pieces that need to be separated into three different bins. The one that takes food waste and is contaminated with a piece of plastic, it would all be thrown away. They were planning on getting new utensils and the only space available is the banana shaped room. It takes a long time to separate the trash and this project is estimated to cost around 1 million dollars. Currently it is not really possible as there is not one million dollars to spend on that. Another idea is to turn it into a comic store. Back in 2008 it was a popular space for clubs and it can be used for that. Food, general, and bookstore Co-op was signed for another four years. Possible cut off budgets in the figure.

- iii. Mickel: I cannot this quarter because his professor does not record the class during the same time as meetings. Next quarter and spring he will.
- iv. Discussion
 1. Skyler motions to approve Mickel as RFAB representative. Elijah seconds
 2. Voice vote -> yayy win

Warren College Student Council Agenda

- most things and that it was sponsored by the Finance Committee.
- xi. Elijah: Typically the attendees for these types of events are 50 - 75 people. Thinks that we should fund them
 - xii. Ariel: Agrees with Elijah.
 - xiii. Skylar: I don't think 100 people could fit into the courtroom. The table clothes are not needed for that price. Should focus on only the canes. Too many things going on.
 - xiv. William: Important to remember this is the first transfer event of the year. It is good to kind of have an ever-done event as it can encourage people to attend.
 - xv. Julianna: If there is food, people come and that we should fund it. They are not asking for a lot so we should fund it
 - xvi. Jasleen: Agrees with Julianna. The line for events was long because of food.
 - xvii. Ariel: Thinks we should partially fund it, without the table clothes, however it is only 20 or so dollars so it is not a big deal.
 - xviii. Aries: Wants to ask a question based on sustainability. Yields his time Nick
 - xix. Nick: Regarding sustainability, I think that all the items are recyclable. It is okay to keep it sustainable. Yields time back to Aries who yields to the floor.
 - xx. Elijah: It is recycling only if it does have food waste on it and seeing that there is food, it will not be
 - xxi. Elijah motions to approve partially for everything except table clothes \$505.
 - xxii. William: That is 1 cent off.
 - xxiii. Elijah: Motions to approve their funding request for

Warren College Student Council Agenda

\$505.1. William seconds.

- ii. First Year Study Jam by First Year Students At-Large Yellepeddi and Varada sponsored by Finance Committee
 1. **+ Isha, Nadia - Budget request**
 - a. First year study jam. Never been to a meet up with people. It is on Nov 22nd on Warren lawn. First years can come and study with each other and hang out. Free pizza and boba. Requesting food and drink. Planning on getting it from Costco. Two flavors for the boba. Total is 135 bringing total to \$380. Estimating 150 people to come.
 - b. Questions
 - i. Sonal: Where will they stay?
 - ii. We know the student council has tables and blankets. We plan on using those resources. Putting BYOB (bring your own blanket) on the flyer.
 - iii. Taitana; Can you clarify the time of the event?
 - iv. Nadia: Planning on pushing the time back earlier, 3-6 pm.
 - v. Tatiana: Are you set on having the event on the lawn?
 - vi. Nadia: Yes
 - vii. Elijah: Will it be happening during November?
 - viii. Nadia: yes
 - ix. Elijha: It will be a little bit cold and dark. It can be uncomfortable. Have you looked at any indoor spaces?
 - x. Nadia: Will think about it
 - xi. Jasleen: Do you have a way to keep there there to study and not just get food
 - xii. Isha: Planning on having people meet others from classes. People will want to study for finals.
 - xiii. Elijah: Would you consider getting people to have students from specific classes to help each other.
 - xiv. Isha: Will send out google form to get tutors to help

Warren College Student Council Agenda

- others with the same classes.
- xv. Rana: Are you going to have a designated area for each subject?
 - xvi. Isha: Designated area for each subject
 - xvii. Nadia: Most likely by subject, not specific courses.
 - xviii. Tatiana: I know you mentioned blankets but most of them are dirty. Have you considered any other options?
 - xix. Isha:
 - xx. Aries will take discussion
 - xxi. Elijah: I think it is a good idea however I don't think it was thought through as well as it could be. Was thinking that where they will have the different courses and the signs. Funding is fine but the plan was underbaked.
 - xxii. Caitlin: Worried about having an event in November as it will be cold and windy.
 - xxiii. Ariel: Agrees with both. This kind of event has people who come and go. The attendance may be 150 but they will not be there all at once.
 - xxiv. Jasleen: To keep people to stay it would be nice to have small groups.
 - xxv. Skyler: There was an event done similar and it did not have great success. 150 is overestimated. An event like this would get less people and more people if it was social based instead of study based.
 - xxvi. Sonal: Suggests that have people state a study goal for the session.
 - xxvii. Aries: Would appreciate it if the discussion was focused on the funding request than the idea and plan.
 - xxviii. Elijah: Did something similar last year to withhold the plan and thinks that it would be a good idea to

Warren College Student Council Agenda

- withhold part of their funding so they can represent their plan. Motions to approve partially
- xxix. Nick seconds
 - xxx. Skylar opposes
 - xxxi. Elijah: It is a great idea and would love to see it happen. It is more about getting free food and slowing down.
 - xxxii. Skylar: Does not think it should be funded. They should submit a new one because of multiple reasons. Does not want to fund this.
 - xxxiii. Elijah: Agrees and says that we will fund them. Recends his motion
 - xxxiv. Nick: Motions to deny the funding request.
 - xxxv. Skyler seconds.
 - xxxvi. Hand vote is done, denial approved
- iii. Warren GE Workshop with Honors Council and Academic Advising by Alona Jackson sponsored by Finance Committee
- 1. **Honors Council Event Budget - Sheet1**
 - a. Alona: New honors council. Warren GE workshop partnered with advising. Wants to engage with the Warren community and talk about the opportunity that first year students have with their GEs. Plan on having peer advisors to talk and will offer at the event, boba to the first 50 people who stay and engage with us. Currently we only have one cost, boba, hoping for 50 people at the event, Will have the event in SAC. The price per person will be \$5.50. No other costs for the program
 - b. Ariel: What was the turnout for last year's event?
 - c. Alona: Reached 50 people and wants students to get more engaged with advisors. 3:00 - 5:30 PM in SAC
 - d. Skyler: Last year it was successful and thinks that it would be a good idea. Asking them to submit an itemized budget.
 - e. Tatianna: Thinks this is a good idea considering last year's

Warren College Student Council Agenda

event. The advisors will be there and they are trying to get students engaged. Motions to approve in full

- f. Ariel seconds.
- g. Did voice vote: yays win
- h. Funding request adopted

Movie Night by Out of State At Large Oppenheim and International at Large Nguyen sponsored by Finance Committee

iv. **+** Finance Request_Nov23

1. Event in SAC from 4:00 - 6:00. Hoping for people who cannot go home to come and watch a movie. It will be on Saturday.
2. Nam Anh: understands that there are a lot of international students who cannot travel. Always jealous that first class people can get a lot of things. Will have food and beverage.
3. Ariel: The estimated number is 50 people and there will hopefully be food for everyone.
4. Julianna: What are you doing about the movie rights?
5. Ariel: Working with Saniesa to see what they can do.
6. Discussion
 - a. Julianna: If they do end up having to pay for the movie rights, it will be very expensive. If they cannot get that, it will have to be a very different event.
 - b. Tatiana: agrees With Juliana but thinks that it is still a very valuable event.
 - c. Aries: Try to avoid addressing members by names
 - d. Elijah: If the movie rights is 300, it would increase the price for HalloWarren. A lot of people, including him, it would be nice and helpful and it would help them feel more included.
 - e. Ghazal: she talked to them and they said they will not pay for the movie if it is expensive. So will instead do a board game night.
 - f. Tatiana: Moves to approve budget in full
 - g. Alexandria seconds

of his experience and responsibilities and having to keep in mind all aspects. As secretary, it is important to keep records absolutely accurately to ensure that whoever wants to be involved in council has the necessary information to know. Although was not a secretary directly, had to take the role to substitute for others in his role of president in high school. Recently, keeping track to ensure day to day information. Thinks that this role is to keep the council members informed. Wants to put experiences to work in council.

ii. Discussion

1. Tatiana: This position is not only responsibilities within the council but also the executive team. Would you be able to handle responsibilities?
 - a. Moazzma: I will be able to. Wants to be able to commit to the exec meetings on Friday, does not have classes. Will give her time and commit.
 - b. Daniel: Familiar with the position and that it is not just taking minutes and also supporting others. Was involved in a past club/event to help with anything. Very aware of the role and enjoys it.
 - c. Sean: Always willing to take on a new challenge or opportunity. Class schedule will not interfere with classwork or studies.
2. Aries: What are your favorite parts of Warren? How would you experience being different if you were at another college?
 - a. Sean: Diversity in events. Some things are competitive. What was the second part of that question?
 - b. Aries: How do you think your undergraduate experience would be different?
 - i. Sean: Maybe being part of 8th or 6th
 - c. Daniel: In terms of favorite part, besides having to walk far,

Warren College Student Council Agenda

enjoys the seclusion and quiet space. His college experience would be different as he would not want to get more involved and to go out. To go to library walks and to explore different clubs. To be able to come back to Warren in peace and quiet.

- d. Moazzma: My favorite part, the overall layout of warren. Connects us over the little things about the broken parts of Warren, like housing or repair issues. Gives home vibes. Her friends tell her that they do not know their neighbors. Would not move if given the option. Easy to talk to people who are in the community. More healthy because she walks a lot.
- e. Isha: Secretary has to take notes from beginning to the end. How will you ensure you make it on time to the meetings?
 - i. Daniel: I will ensure I am here on time, it is a prerequisite to this job. Made sure his time slots were open during this time. It is a commitment. Will ensure he informs people in the rare event that he is absent.
 - ii. Sean: Punctuality begins with trust and he takes that very seriously. Is not worried about being late or absent as it is in his schedule.
 - iii. Moazzma: The only times she cannot make it is when she is sick. However she informs people right away. If you have notability, you can take notes and record for hours. She would take notes and use notability to improve accuracy. Will not share information with random people but will hold herself accountable with that. Wouldn't be here if she couldn't attend.
 - iv. Aries: Please go out, we will inform you of your results.
 - v. Aries: Move into closed session. Members of the judicial board need to step out.
 - vi.
